OUTER SPACE
ENERGY BALL
SOUND AND LIGHT VERSION

Directions
Close the circuit by touching both metal strips at the same time. Or, touch one metal strip and have someone else touch the other strip... and then hold hands. Most effective in reduced lighting.

HOW TO REPLACE BATTERY
FIRST, REMOVE UPPER COVER.
SECOND, TAKE P.C.B. OUT. THEN REPLACE TWO BATTERIES (LR-44, A76 or AG13) INTO THE BATTERY SLOT.
